Mr. Derek T. Valone  
Director Commercial Sales  
Hi\*Tech Electronic Displays

Dear Derek,

I can not begin to tell you how pleased I am with my Photo\*Blazer LED display from Hi\*Tech. It has been up and operational for almost two years and has never required a service call. We have realized a significant increase in traffic through our dealership due to the flexibility of advertising on our display. The return on investment is unmatched by any other form of advertising that we participate in. I would recommend Hi\*Tech Electronic Displays, and the Photo\*Blazer product, to any dealership.

Thank you for your continued product support.

Sincerely,

A handwritten signature in black ink that reads "Frank Walker".

Frank Walker, Owner
